Departmental Activities

WORLD ENVIRONMENTAL DAY – 05/06/2025

THEME : The theme for world environmental day 2025 is "Beat plastic-pollution" with a focus on ending global plastic pollution, this theme aim is to mobilize individuals, organisations, industries and governments to adopt sustainable practices and reduce plastic waste.

ACTIVITIES PLANNED:

TREE PLANTATION - Students and faculty participate in a tree plantation drive to promote greenery and sustainability.

ENVIRONMENTAL AWARENESS SESSION - An awareness session was conducted to educate students about environmental conservation and sustainability.

OBJECTIVES:

RAISE AWARENESS - Educate students about environmental issues and conservation.

PROMOTE SUSTAINABILITY – Encourage sustainable practices among students and faculty.

WORLD LION DAY – 10/08/2025

THEME – The theme is community- led conservation.

ACTIVITY – To mark this occasion, we organized a student quiz competition focussed on lion conservation, habitat and interesting facts about this majestic creature.

OBJECTIVE – The quiz aimed to raise the awareness about the importance of protecting lions and their habitats, as well as promote learning and engagement among students.

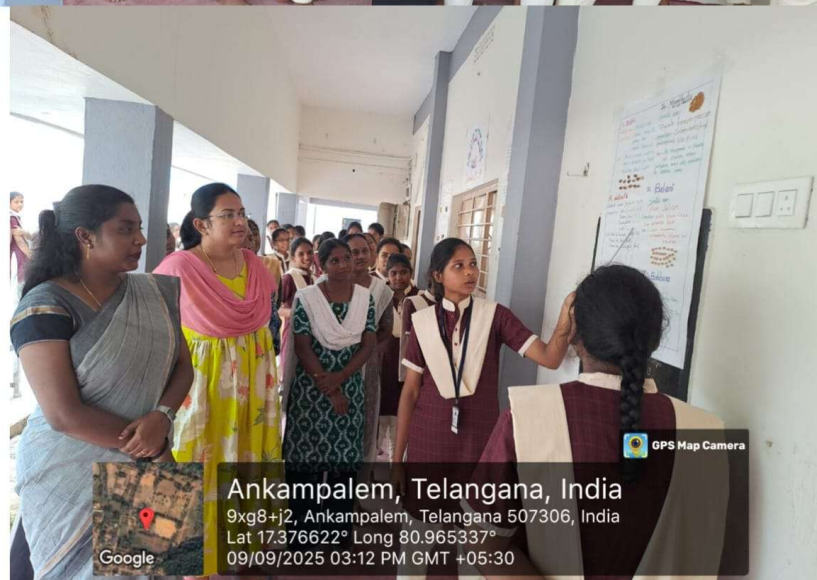

NUTRITION WEEK – 01/09/2025 to 07/09/2025

THEME – Eat right for a better life. This theme emphasizes the importance of choosing healthy, balanced food like fresh fruits and vegetables to promote better health and prevent diseases, it encourages mindful eating, reducing processed foods, controlling portion sizes and maintaining a balance of nutrients in one's diet.

ACTIVITIES PLANNED – Students have prepared the posters and exhibited in the college premises of various raw food materials such as groundnut, green gram, sunflower seeds, pumpkin seeds, foxtail millet and different green leaf vegetables.

Students also explained about the nutrient content and health benefits of the different substances.

OZONE DAY – 16/09/2025

THEME – From science to global action.

ACTIVITY PLANNED – Essay writing to commemorate ozone day, we have organized an essay writing competition for our students. The competition aims to raise awareness about importance of ozone layer protection and encourage students to express their thoughts and ideas on this critical environmental issue.

BIRTH ANNIVERSARY OF DR.APJ ABDUL KALAM SIR – 16/10/2025

HONOURED Dr. APJ ABDUL KALAM SIR WITH GARLAND AND REMEMBERED HIS EFFORTS AND GREATNESS

On this occasion a garlanding session was held to honour the memory of “Missile man of India”

Faculty members and students paid floral tributes and remembered his remarkable contributions as a scientist, teacher and former president of India

The event inspired students to follow his ideals of hard work, dedication and service to the nation.

WORLD SCIENCE DAY – 08/11/2025

CONDUCTED STUDENTS QUIZ ON WORLD SCIENCE DAY- 2025

We have organized quiz to promote scientific awareness and encourage curiosity among students. The program aimed to highlight the importance of science in daily life and to inspire students to explore scientific concepts and enthusiasm.

Students from various departments actively participated in the quiz, the event includes multiple rounds around 106 members given names to participate we have screened all the students with a written test and later we have selected 30 students for 6 groups each group has 5 students.

Again, multiple rounds conducted for 6 groups. The quiz was conducted smoothly under the supervision of faculty members and evaluation process was carried out transparently. Winners were appreciated for their outstanding performance and all the participants were encouraged for their effort.

WORLD PNEUMONIA DAY – 12/11/2025

CONDUCTED AWARENESS PROGRAM ON PNEUMONIA

The main objective of the program was to educate students about the causes, symptoms, prevention and early treatment of pneumonia.

The PHC medical team explained the risk factors and importance of timely diagnosis, vaccination, hygiene practices and measures to prevent respiratory infections, students actively participated and interacted with the staff clearing their doubts about health and respiratory care.

WORLD AIDS DAY – 01/12/2025

CONDUCTED STUDENTS RALLEY ON AIDS DAY

To mark this day, we have organized students rally across the ankampalem village by holding placards and by saying slogan and gave awareness to the villagers.

AWARENESS PROGRAM ON CNACER – 19/12/2025

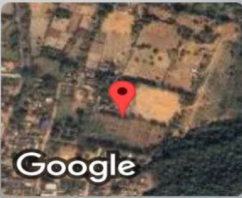

The event aimed to educate students and staff about cancer prevention, early detection and treatment options.

POSTER PRESENTATION ON ANTI LEPROSY DAY -30/01/2026

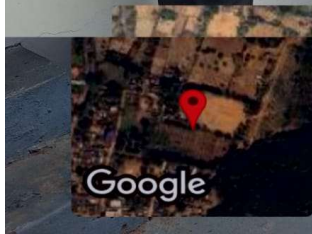

The department of zoology has organized poster presentation by students about symptoms, diagnosis, treatment and prevention of Leprosy disease.

TGTWRDC GIRLS DAMMAPETA
DEPARTMENT OF ZOOLOGY
DEPARTMENTAL ACTIVITIES
ACADEMIC YEAR 2024-25
Vanamahotsavam - 10.06.2024

The Zoology Department organized Vanamahotsavam, a tree plantation drive, on June 10, 2024. The event aimed to promote greenery and environmental conservation in Telangana.

1. Tree Plantation: Students actively participated in planting saplings, contributing to the state's green cover.
2. Environmental Awareness: The event emphasized the importance of trees in maintaining ecological balance and mitigating climate change.
3. Student Engagement: The program encouraged students to take ownership of environmental conservation efforts.

The initiative supported the state's efforts to increase green cover, promote sustainability, and foster environmental responsibility among students.

World sickle cell day-19.06.2024

Type of activity-Poster presentation

On June 19, 2024, our institution observed World Sickle Cell Day with a poster presentation by students. The event aimed to raise awareness about sickle cell disease, its symptoms, and the importance of early detection and management.

1. Poster Presentations: Students showcased informative posters highlighting various aspects of sickle cell disease.
2. Awareness Generation: The event helped raise awareness about the disease, its impact on individuals and families, and the need for support and research.
3. Student Engagement: The poster presentation encouraged students to engage with the topic, ask questions, and learn from each other.

The event successfully contributed to increased awareness about sickle cell disease among students and the college community, promoting a more informed and supportive environment.

Type of activity-Quiz programme on 23.08.2024

On August 23, 2024, our institution celebrated National Space Day with a thrilling student quiz program. The event aimed to spark curiosity and interest in space exploration and astronomy.

1. Quiz Competition: Students participated in a quiz competition, testing their knowledge on space-related topics.
2. Learning Opportunity: The event provided a platform for students to learn about space exploration, astronomy, and emerging trends.
3. Encouraging Innovation: The program encouraged students to think creatively and explore the vast possibilities in space science.

The quiz program successfully fostered a sense of curiosity and interest in space science among students, inspiring them to pursue careers in this field.

National Nutrition week -02.09.2024

From September 2, 2024, to September 9, 2024, our institution celebrated Nutrition Week with great enthusiasm. The event featured an exhibition showcasing various food items and informative charts highlighting the nutritional benefits of different vegetables.

1. Food Exhibition: A diverse range of nutritious food items were displayed, educating visitors about healthy eating options.

2. Vegetable Charts: Informative charts showcased the nutritional benefits of various vegetables, promoting awareness about their importance in a balanced diet.

3. Health Awareness: The event emphasized the significance of nutrition in maintaining overall health and well-being.

The celebration successfully promoted awareness about the importance of nutrition, healthy eating habits, and the role of vegetables in maintaining a balanced diet.

World Ozone day-16.09.2024

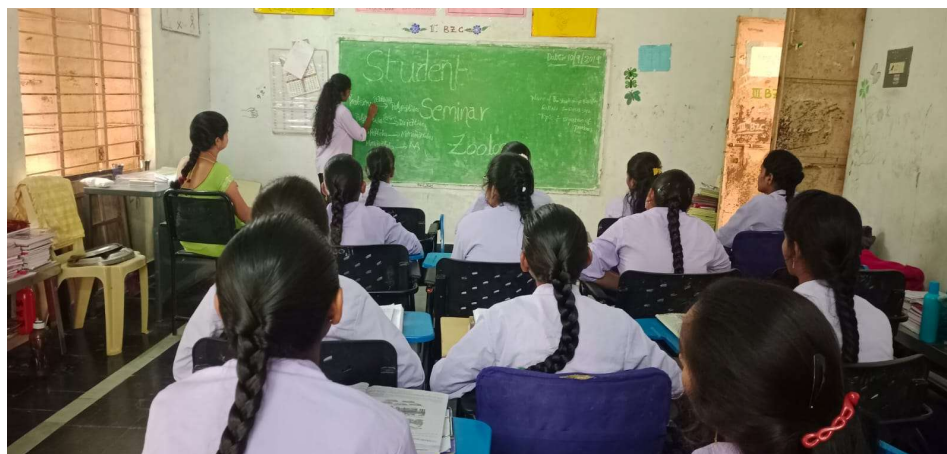

Type of activity-Student seminar

On September 16, 2024, our institution celebrated World Ozone Day with a student seminar. The event aimed to raise awareness about the importance of the ozone layer and its protection.

- Theme: "Montreal Protocol: Advancing Climate Action"

- Student Participation: Students actively participated in the seminar, presenting their views on ozone layer protection.

- Awareness Generation: The event successfully generated awareness about the depletion of the ozone layer and the actions needed to protect it.

National Cancer awareness day-07.11.2024

Type of activity-Student rally

On November 7, 2024, our institution organized a student rally to observe National Cancer Awareness Day. The event aimed to raise awareness about cancer prevention, early detection, and the importance of a healthy lifestyle.

1. Student Participation: Students actively participated in the rally, spreading awareness about cancer and promoting healthy habits.
2. Awareness Slogans: Placards and banners with cancer awareness messages were displayed, emphasizing the importance of early detection and prevention.
3. Community Outreach: The rally interacted with the local community, disseminating information about cancer awareness and promoting healthy lifestyles.

World science day-10.11.2024

Type of activity-Student seminar

World Science Day for Peace and Development was celebrated on November 10, 2024, with various activities worldwide. The theme for 2024 is "Why Science Matters – Engaging Minds and Empowering Futures," focusing on the importance of science in society and promoting sustainable development ¹

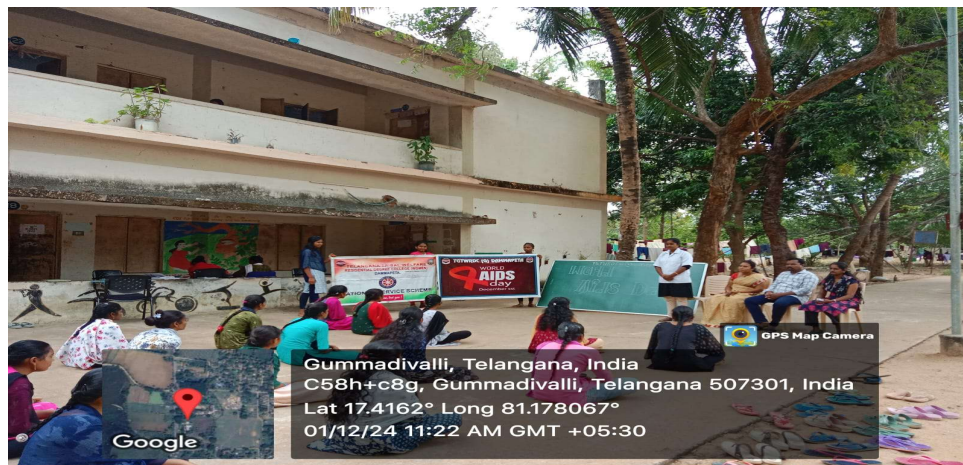

World AIDS day-01.12.2024

Type of activity-Awareness rally with students

On December 1, 2024, our institution organized a student rally to observe World AIDS Day. The event aimed to raise awareness about HIV/AIDS, promote tolerance, and support individuals living with the condition.

1. Awareness March: Students participated in a rally, spreading awareness about HIV/AIDS prevention, treatment, and support.
2. Red Ribbon Symbolism: Participants wore red ribbons, symbolizing solidarity with those affected by HIV/AIDS.
3. Community Engagement: The rally interacted with the local community, promoting understanding and reducing stigma around HIV/AIDS.

World Cancer Day – 04/02/2025

Type of Activity: Awareness Programme by Dr.Madhulika garu Medical Officer Pv Project area

On February 4, 2025, an extension lecture was organized by PHC under the guidance of Medical Officer Dr. Madhulika Madam, PV Project. The lecture aimed to raise awareness about cancer prevention, early detection, and management.

- Expert Insights: Dr. Madhulika Madam shared valuable information on cancer risks, prevention strategies, and the importance of early detection.
- Awareness Generation: The lecture emphasized the significance of regular screenings, healthy lifestyle choices, and tobacco control in reducing cancer risk.
- Community Engagement: The event encouraged audience participation, fostering a sense of community and promoting collective action against cancer.

కేన్సర్ పై అవగాహన

అశ్వారావుపేటరూరల్: మండలంలోని పెద వాగు ప్రాజెక్ట్ గ్రామంలోగల ప్రభుత్వ గిరిజన సంక్షేమ మహిళా గురుకుల డిగ్రీ కళాశాల(ద మ్యూసిట)లో మంగళవారం ప్రపంచ కేన్సర్ దినోత్సవాన్ని పురస్కరించుకుని కళాశాల విద్యార్థినులకు కేన్సర్ వ్యాధి అవగాహన కల్పించారు. గుమ్మడపల్లి పీహెచ్సీ వైద్యురాలు డాక్టర్ మధులిక ఆధ్వర్యంలో చేపట్టిన కేన్సర్ వ్యాధి గుర్తింపు, నిర్మూలనపై అవగాహన కల్పించారు. కార్యక్రమంలో కళాశాల ప్రెన్సిపాల్ వి.స్వందన, హెల్త్ సూపర్వైజర్ భాస్కర్, అధ్యాపకులు పాల్గొన్నారు.

National Science Day-28/02/2025 Type of Activity: Exhibition of Models

On February 28, 2025, our institution celebrated National Science Day with a model exhibition. Students showcased innovative models and projects, demonstrating scientific concepts and principles.

1. Diverse Models: Students displayed a wide range of models, including working models, static models, and interactive exhibits.
2. Scientific Concepts: The models illustrated various scientific concepts, such as physics, chemistry, biology, and mathematics.
3. Innovation and Creativity: The exhibition showcased students' creativity and innovation in designing and developing the models.

సైన్స్ దినోత్సవం.. ఆకట్టుకున్న నమూనాలు

అశ్వారావుపేట: నమూనాలను పరిశీలిస్తూ ఉపాధ్యాయులు

Academic Activities 2023-24

Harithaharam on 19.07.2023

As per the government of Telangana instructions at our college we have conducted Harithaharam programme at our college our department also participated actively.

National Nutrition week -04.09.2023

Type of activities- poster making, poster presentation, awareness programme on nutritious food

To celebrate National Nutrition week we the department of zoology along with staff conducted poster presentations of various food items

World Animal day-04.10.2023

Type of activity-Student seminar

Celebrate World Animal day we the department of Zoology conducted a seminar on 04/10/2023. Students explain about different types and groups of animals in the universe.

Group discussion on 11.11.2023 on the topic of Immunity

On the 11.11.2023 the department of zoology has conducted a group discussion on the topic IMMUNITY for 3rd BZC students.

Type of activity-Quiz programme on 09.01.2024

On the 09.01.2024 we the department of zoology has conducted a Quiz programme on the topic of genetics.

National Science day-28.02.2024

Type of activity-Exhibition of models

To celebrate National Science Day 2024 we the department of zoology along with other science departments has conducted science exhibition with students.

World Wild life day -03.03.2024

Type of activity-Poster presentation

On the 03.03.2024 we the department of zoology has conducted a poster presentation by students on world wildlife day. students explain about different type of species on the earth.

Academic activities - 2022-2023

Harithaharam on 18.08.2022

As per the government of Telangana instructions at our college we have conducted Harithaharam programme at our college our department also participated actively.

Mosquito day-20.08.2022

Type of activity-Awareness programme by students

On 20.08.2022 the department of zoology conducted an awareness programme by students they explained about the how the mosquitos develop and cause the different disease.

World Ozone day -16.09.2022

Type of activity-Poster presentation by students

To celebrate World Ozone day on 16.09.2022 at our institution we the department of zoology has conducted poster presentation by students .students explain about the importance of ozone layer and how to protect the ozone layer.

Group discussion on 18.10.2022 on the topic of Animal physiology

Today the department of zoology has conducted group discussion on the topic of Animal physiology students participated very actively.

World cancer awareness day-07.11.2022

Type of activity-Awareness programme by students

On World Cancer awareness day we the department of zoology has conducted a student rally in the P.V Project village ,students participated actively and gave awareness to the villagers.

Charles Darwin day-12.02.2023

Type of activity-Student seminar

On 12.02.2023 we the department of zoology has conducted a student seminar on Charles Darwin day ,students explain how the Charles Darwin gave the Darwin theory and his work in the zoology .

National Science day-28.02.2023

Type of activity-Exhibition of models

To celebrate National Science Day 2023 we the department of zoology along with other science departments has conducted science exhibition with students.

Quiz competition on 11.03.2023

Today 11.03.2023 we the department of zoology has conducted a quiz competition on the topic National parks in India.

Academic activities 2021-22

Harithaharam on 15.10.2021

As per the government of Telangana instructions at our college we have conducted Harithaharam programme at our college our department also participated actively.

Group discussion on the topic of Vertebrates on 15.11.2021

On 15.11.2021 the department of zoology has conducted group discussion on the topic of vertebrates students participated very actively .

World AIDS day-01.12.2021

Type of activity-Student seminar

On the World AIDS Day we the department of zoology conducted a student seminar on Symptoms, causes, diagnosis treatment and prevention of the AIDS disease . students participated very actively.

Extension Lecture on 07.01.2022 by Dr.J.Swamy sir on the topic of Immunology and animal biotechnology.

TELANGANA TRIBAL WELFARE RESIDENTIAL
DEGREE COLLEGE FOR WOMEN , DAMMAPETA

SEMINAR

On
Immunology & Animal Bio technology

Venue :
TTWRDC W
DAMMAPETA .
Date : 07.01.2022
Time : 10.00am

Delivered by :
Dr.J.Swamy
M.Sc B.Ed , SET , NET , Ph.D
Asst. Professor
Govt.Degree College (W) ,
Nalgonda

Principal :
K.Pragna Aiswarya Rani
M.A. B.Ed (Ph.D)

Subject Coordinators :
S.Sudhrani .
K.Rajini

On 07.01.2022 we the department of zoology has conducted a seminar on the topic of Immunology and animal biotechnology by resource person Dr.J.Swamy sir Asst.Professor Govt Degree college Nalgonda.

Quiz competition on 05.02.2022

On the 05.02.2022 we the department of zoology has conducted a Quiz programme on the topic of Endangered species.

National Science day-28.02.2022

Type of activity-Exhibition of Models

To celebrate National Science Day 2022 we the department of zoology along with other science departments has conducted science exhibition with students.

Academic activities -2020-2021

World Heart day-29.09.2020

Type of activity-Student seminar

On 29.09.2020 we the department of zoology has conducted a student seminar on World Heart day .in this seminar students explained about what are the functions of heart how to protect the heart what are the abnormal conditions of the heart.

Type of activity-Quiz on 08.10.2020

On the 08.10.2020 we the department of zoology has conducted a Quiz programme on the topic of Genetically Modified Organisms.

Type of activity-Group discussion on 07.01.2021

On the 07.01.2021 we the department of zoology has conducted a Group Discussion on the topic of How the earth warms called as friends of farmers.

Webinar on Neuro biology topic on 18.01.2021

TTWRDC(W), DAMMAPETA
Affiliated to Kakatiya University
Dept. Of Zoology

Webinar On :

Keynote Speaker

J. Swamy
MSc, B.Ed, SET, NET, (Ph.D)
Assistant Professor of Zoology
GDC Women, Nalgonda.

Sub.Co
Ordinator
S. Sudha Rani
GDL in Zoology

K. Pragna Aishwarya Rani
M.A, (Ph.D)
Principal,
TTWRDC(W), Dammappeta.

On 18.01.2021 we the department of zoology has conducted a webinar on the topic of Neuro Biology by resource person Dr. J. Swamy sir Asst. Professor Govt Degree college Nalgonda. sir has explain about the CNS, PNS, Cranial nerves and peripheral nerves very elaborately many students from other colleges also participated in the webinar.

National Science day-28.02.2021

Type of activity-Exhibition of models

To celebrate National Science Day 2021 we the department of zoology along with other science departments has conducted science exhibition with students.

World Sparrow day -20.03.2021

Type of activity-Student seminar

On 20.03.2021 we the department of zoology has conduct a student seminar on World Sparrow day .in thus student seminar students explained about the reasons why sparrows are in endangered conditions and how to improve the sparrow population.

Academic activities -2019-2020

World Lung Cancer day-01.08.2019

Type of activity-Poster presentation

On 01.08.2019 we the department of zoology has conducted a poster presentation on the lung cancer in this students explained about symptoms,diagnosis,treatment and prevention of lung cancer.

World Heart day-29.9.2019

Type of activity- Poster making

On 29.09.2019 we the department of zoology has conducted a student seminar on World Heart day .in this seminar students explained about what are the functions of heart how to protect the heart what are the abnormal conditions of the heart.

World Animal welfare day-04.10.2019

Type of activity-Student seminar

On 04/10/2019 we the department of zoology has conducted a student seminar on the topic of ecological succession III BZC students participated.

World AIDS day-01.12.2019

Type of activity-Student seminar

On the World AIDS Day we the department of zoology conducted a student seminar on Symptoms, causes, diagnosis treatment and prevention of the AIDS disease . students participated very actively.

World Leprosy day-30.01.2020

Type of activity-Awareness programme

Today on 30.01.2020 we the department of zoology has conducted awareness programme on World Leprosy day in this programme student gave awareness on Causes, symptoms, diagnosis, treatment and prevention of leprosy .

World Wild life day-03.03.2020

Type of activity-Awareness programme

On the 03.03.2020 we the department of zoology has conducted a poster presentation by students on world wildlife day. students explain about different type of species on the earth.

Academic activities -2018-2019

World Mosquito Day-20.8.2018

Type of activity-Poster presentation
