Presentation on parametric and non parametric tests

Date:07 APRIL 2023

VENUE: SEMINAR HALL

PARTICIPANTS: 8

BENEFICIARIES: 22

A presentation actively was organised by students of semester IV of statistical department. Students discussed about various parametric and non-parametric tests. They explained their application and inference on silving manually as well as by using statistical software like spss.

Edit with WPS Office

Students also explained some real life examples of using these tests. The faculty members and students of statistics department participated actively.
