EMOTIONAL DEVELOPMENT FOR A SOUND MIND

MENTOR MENTEE INTERACTIONS:

Mentor mentee system is an essential component for a successful career of student as it bridges the gap between the faculty and student. Mentoring provides guidance, encouragement, and better environment to the student in the college. Mentor mentee system is a regular practice in TTWR Degree & PG College (Men) Nagarkurnool.

Each mentor conducts house meeting every week

Mentor mentee register is also maintained.

The mentor-mentee interaction in college is crucial for academic and personal development. It provides guidance, support, and a personalized learning experience, fostering a sense of belonging and helping students navigate challenges. This relationship enhances students' confidence, promotes goal setting, and contributes to overall success by bridging the gap between theory and practical application.
