## 7.1.1 GENDER SENSITIZATION :

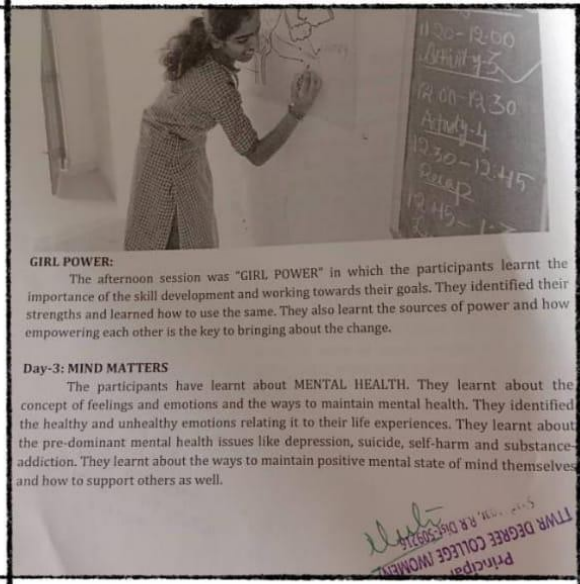

### NATIONAL GIRL CHILD DAY

### WOMEN'S DAY

## VOICE FOR GIRLS

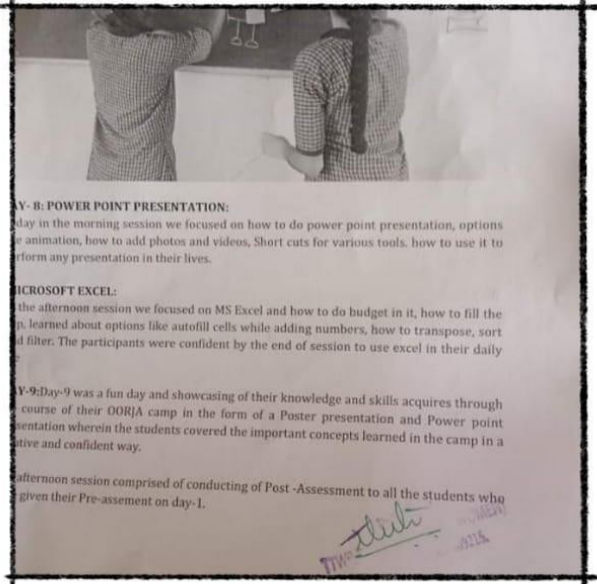

**GIRL POWER:**

The afternoon session was "GIRL POWER" in which the participants learnt the importance of the skill development and working towards their goals. They identified their strengths and learned how to use the same. They also learnt the sources of power and how empowering each other is the key to bringing about the change.

**Day-3: MIND MATTERS**

The participants have learnt about MENTAL HEALTH. They learnt about the concept of feelings and emotions and the ways to maintain mental health. They identified the healthy and unhealthy emotions relating it to their life experiences. They learnt about the pre-dominant mental health issues like depression, suicide, self-harm and substance-addiction. They learnt about the ways to maintain positive mental state of mind themselves and how to support others as well.

and self-awareness of their...  
take charge of their lives and career, thus emerging as role models...  
within their own community.

**Day-1 : WELCOME TO OORJA!**

The participants have attended the WELCOME OORJA session where the focus was on ice-breaking and getting to know each other better. They also learnt about the components of OORJA and the importance of the programme and they set goals to accomplish by the end of the camp. By the end of the session they got acquainted with the materials and the daily routine of the camp.

They also spent their time in the afternoon giving their pre-assessment conducted to evaluate their current knowledge on the various topics that are a part of their learning journey for the next 9 days.

**Day-2: LETS TALK PERIODS**

The participants have learnt about the Female Reproductive System and the Menstrual cycle. They have acquired an in depth understanding of the menstrual cycle and learnt the ways in which they can maintain hygiene during their periods and the related products. The session aimed to move the participants towards a more naturalized understanding by making them aware of the bodies and its processes and becoming more hygienic.
