Medicinal plants tour

17

02/12/2023

on 02/12/2023 All the final year students went to Sriramsagar project, Nehru park with our

* In that park they have seen so many plants

* with this they got clear idea regarding different medicinal plants.

* They understand the concepts very well.

* Hydroenergy concept understood by students

* Hydropower generation.

On 31-Jan during langmuir was
basis, what was proposed. Langmuir adsorption
model.

- on this special day, everyone participated
in elocution.
- Every student participated and said so
many chemistry topics very interestingly
- few students gave seminar related to
'langmuir adsorption' isotherm & about some
different chemistry topics.

Science Day celebrations.

28/02/2024

Science Day celebrated on 28/02/2024
in the honour of Sir C.V. Raman.

- * On this day we conducted seminar.
- * And Quiz competition
- * Five Groups participated. And Every Group consist of All the group stream students.
- * Quiz conducted in 2 levels.
- * Every Group Named with a special Name like Einstein, Galileo, C.V. Raman, Aryabhata.
- * Aristotle.
- * In this competition Einstein group won the first prize and Aristotle won second prize.
